

AOM UPDATE: River Pointe Survey Trip

The team from River Pointe Church in Houston has just returned to the States. Pastor Matt Barnhill, Cathy Penland and Robert Sanchez came over for a brief survey trip to see the ministry in Mozambique. Matt is a long time friend of the Avery family. They have wanted to come over for several years and God blessed them with a window of opportunity to see part of AOM's ministry.

Why a survey trip? The survey trip enabled them to make better plans for future short-term groups who could come over to support the ministry. They now know some of the problems groups will face and how to orient the team before leaving for Africa. Both time and money were well spent.

It was a joy to be able to show them the new house church planting effort in Mozambique, meet the Fuentes and Harris' and some of the nice sights along the way.
