## Ministry Update

### ***Seventy Hours Of Teaching***

"We never knew how the Old Testament fitted together" was a comment by one of the leaders in Mongu. We vourselves and the Mongu churches out with a marathon of teaching. In 10 days, Allen taught Natural Church Development and a 12-hour seminar on the African Family; Janelle taught the Old Testament survey (with Allen Scott helping with 15 books); and Lisa taught a Vacation Bible School for five days. We were blessed by the h and faith of the brethren and by the good cooking of Grace Mulyata, that is, fresh fish every day.

### ***Thirty Grew To One Hundred***

Lisa's Vacation Bible School was supposed to have started with 30 children, but grew to over a 100 by the end days. One of the young Christian ladies helped her with translation. One of the activities they did was watch the Film. At the end the children clapped and shouted simply because they were so happy about Christ's resurrect Would that our young people all over the world would be so responsive.

### ***Sick And Sick Some More***

The Harris family needs our prayers. They have been sick with various things for over two weeks. Gabriel has had scarlet fever and has shed a layer of skin. The rest have had strep throat and been very sick with fevers, e Please pray for them as Scott leaves for two weeks in Mozambique.
